RE: Bobby Solberg

Once in awhile, something really wonderful and unexpected happens in the life of a church. Recently, that "something" was testimony in words and songs by singer/songwriter and guitarist, Bobby Solberg. We had Bobby come to our church after some of our members heard him on a Christian stage we co-sponsored at a community festival. He provided the music and testimony for two of our worship services. His music made us laugh and cry. His words made us reflect on our own struggles and relationships with God, and with each other. Bobby Solberg is the real deal. I would not be surprised if one day his songs were top hits. More than that, his witness is powerful. His gentle soul touches hearts and spirits. He is as humble as he is gifted. I would highly recommend him for worship or for a Christian concert.

I purchased several of his CDs. They inspire me and I enjoy listening to them while working or relaxing.

I highly recommend Bobby Solberg. Contact me if you would like more information.

In Christ's Peace,

Kate Croskery-Jones
