

Excellence In Individualized Academic & Vocational Education

To Whom It May Concern,

I count it a privilege to recommend Bobby Solberg as a school assembly speaker and artist. I met Bobby this past fall when he came to speak/perform at the residential care facility, where I am principal, to our at-risk youth.

Bobby is and came across to his audience as a down to earth, very genuine person. He did a great job of holding the students' attention by engaging them in his songs and the stories that went into writing his songs.

Bobby is also innovative as a speaker and singer. He impacted our students by teaching them several truths about choices, habits and decision making in the stories he told and by opening up to questions from the audience at the end of his performance.

It is without hesitation that I recommend Bobby Solberg to you. I know our students are already looking forward to having Bobby with us again

Sincerely,
